**Technical Coordinating Committee -
Watershed / Stormwater Subcommittee
Summary/Final Minutes
July 31, 2019**

The Metropolitan North Georgia Water Planning District Technical Coordinating Committee – Watershed/Stormwater Subcommittee met on Wednesday, July 31, 2019 at 2:00 p.m. in the Harry West Rooms at the Atlanta Regional Commission office in Atlanta, GA.

Katherine Atteberry, Stormwater Planning Manager, welcomed participants. Following brief introductions, the business of the agenda was conducted as follows:

Public Comment Period - No Participants

Katherine Atteberry presented the Policy on Practicability Analysis for Runoff Reduction.

Katherine Atteberry presented the Post-Construction Stormwater Model Ordinance Update.

Jared Ervin, Geosyntec Consultants, presented the Study Results on the Septic System Impact to Surface Water Quality.

Announcements

1. The Final Septic Study will be published on the Metro Water District Website in August.
2. The next Green Communities Network + Knowledge session will be an ENERGYSTAR Portfolio Manager Workshop on Thursday, September 19th at the Atlanta Regional Commission office in Atlanta, GA

There being no further business the meeting was adjourned.

*A 10-minute period for public comments is designated at the beginning of each regular TCC meeting. Each speaker must sign-up 15 minutes prior to the meeting start time. Each speaker will be limited to two minutes. If the comment period expires before all citizens have an opportunity to comment, speakers will be invited to provide their comments in writing.
